

# MORE INFO

This year we will host the 7th edition of AWSummit introducing you to a new and original concept based on dynamic networking and connecting people.

It all started back in 2014 as an event focused on cam models and studios and it evolved into a bigger and better experience for all of us. At our last event back in 2019 we hosted almost 2000 attendees from various areas of expertise such as: traffic experts, affiliates, service companies, ad-networks, entertainers, cam-sites and all major studios on the market from all over the world.

We will return to this concept in 2022, being more than prepared to offer you a better improved experience. Due to the pandemic and all the travelling uncertainties, we are all limited in hosting in-person events with a high number of participants, therefore we have decided to go back to our roots and focus mainly on the live cam industry, but in a very interactive and dynamic way.

## WHY ATTEND AWSUMMIT

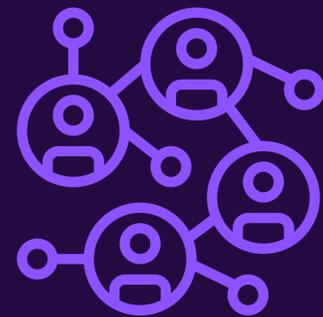

At AWSummit 2021 edition you will have the opportunity to meet top notch live cam representatives, connect and make business with them. It is also a great opportunity to find out and stay up to date with all the repercussions that COVID-19 did to the industry.

## MEET MARKET AND BUSINESS LOUNGES

At the meet market you will experience a supportive environment designed to encourage business growth. This is your best chance to grow your existing business relationships, establish new ones and walk away with new revenue streams, strategies, key partners and unique promotional items. Keep in mind that those are limited so make sure to be there from the opening. Do not forget your business cards!

## NETWORKING AT THE EVENT

Starting from day 1, get ready to get a sneak peak behind the curtains of the best cam studios in Romania, visit the most iconic places in Bucharest and stay up to date with the cam industry, all these while doing networking at its best, and closing the day with such an original concept, as Stand-up Networking. Make sure you get enough energy to enjoy the exciting upcoming days at AWSummit.

## EDUCATIONAL APPROACH

For the first time in the adult industry, the largest studios in the world will sit at the same table with the largest cam-sites in the world. Find out what is the future of the live-cam industry and how to grow your ROI. Attend our masterclass and round-tables from which you can benefit the most. Our educational approach is shaped to help you improve your business, increase your income and show you how to stay on top.

## AW AWARDS

We are already well known in the adult industry for delivering the finest Gala Awards. This year we are crafting a memorable awards experience to inspire and create a lasting connection with the participants and their business. Do not forget to book a ticket and get ready to support your favourites. You do not want to miss the Oscars of the Adult Industry.
